GRANDE PRAIRIE ROMAN CATHOLIC SEPARATE SCHOOL DISTRICT NO. 28
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2010

1. **AUTHORITY AND PURPOSE**

The School District delivers education programs under the authority of the *School Act*, Revised Statutes of Alberta, 2000, Chapter S-3.

The School District receives instruction and support allocation under Regulation 77/2003. The regulation allows for the setting of conditions and use of grant monies. The School District is limited on certain funding allocations and administration expenses.

2. **SIGNIFICANT ACCOUNTING POLICIES**

These audited financial statements are prepared in accordance with Canadian generally accepted accounting principles (GAAP). The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of audited financial statements for a period involves the use of estimates and approximations, which have been made using careful judgement. Actual results could differ from those estimates and approximations. The audited financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

Investments

Short-term investments are recorded at the lower of cost or market.

Prepaid expenses

Certain expenditures incurred and paid before the close of the school year are for specific school supplies, which will be consumed subsequent to the year-end and are, accordingly, recorded as prepaid expenses. In addition, certain insurance expenses fall into this category.

Capital assets

Capital assets are recorded at cost. Only capital assets with a cost in excess of \$5,000 are capitalized. Any capital allocations received for asset additions are amortized over the same period as the related asset. Rates of amortization applied on a straight-line basis to write off the cost of capital assets over their estimated useful lives are as follows:

Buildings	2.5% to 10%	(10 years to 40 years)
Equipment	10% to 20%	(5 years to 10 years)
Vehicles	10% to 20%	(5 years to 10 years)

No amortization is recorded in the year of acquisition. Amortization is not recorded on construction in progress until such time as the project is substantially complete.

When capital assets are sold or scrapped, the cost of the asset and the related accumulated amortization are removed from the accounts and any resulting gain or loss on disposal is reflected in income.

GRANDE PRAIRIE ROMAN CATHOLIC SEPARATE SCHOOL DISTRICT NO. 28
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2010

2. **SIGNIFICANT ACCOUNTING POLICIES – continued**

Revenue recognition

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they relate.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Unrestricted contributions are recognized as revenue when received or receivable. Contributions-in-kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with. Endowment funds are recognized as direct increases in net assets in the period in which they are received or receivable.

School generated funds

These are funds which come under the control and responsibility of the school principal for school activities. They are usually collected, retained and expended at the school level (e.g. yearbook sales, graduation fees, field trip fees, etc.).

Vacation pay

Vacation pay is accrued in the period in which the employee earns the benefit.

Contributed services

Volunteers contribute a considerable number of hours per year to various schools to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school generated funds. Because of the difficulty of compiling these hours and the fact that these services are not otherwise purchased, contributed services are not recognized in the audited financial statements.

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2010

2. **SIGNIFICANT ACCOUNTING POLICIES – continued**

Pension obligation

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Grande Prairie Roman Catholic Separate School District No. 28 does not make pension contributions for certificated staff.

The School District participates in the multi-employer pension plan, Local Authorities Pension Plan. The expense for this pension plan is equivalent to the annual employer contributions of \$413,358 (2009 - \$358,668) for the year ended August 31, 2010. At December 31, 2009, the Local Authorities Pension Plan reported an actuarial deficiency of \$4.0 billion (2008 deficiency of \$4.4 billion).

Operating and capital reserves

Reserves are established at the discretion of the Board of Trustees of the School District, to set aside funds for operating and capital purposes. Such reserves are appropriations of unrestricted net assets.

Financial instruments

The School District's financial instruments consist of cash and temporary investments, accounts receivable, accounts payable and accrued liabilities and long-term debt. It is management's opinion that the School District is not exposed to significant interest, currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values. The School District has invested surplus funds in accordance with Section 60 of the *School Act*.

The School District has an operating line of credit of \$1.25 million. As at August 31, 2010, there is no balance owing.
